Pursuant to the Senate Order for Entity contracts of 20 June 2001 (amended 14 May 2015),
I advise that all applicable entities within the Communications and the Arts Portfolio have
reported a list of contracts to the value of $100,000 or more (GST incl), which have not been fully
performed or which have been entered into in the 12 months prior to 30 June 2018, on their
websites. The locations of the lists are enclosed.

Procurement contracts conducted by non-Corporate Commonwealth entities’ (NCCEs) are not
included in this contract listing. All NCCE procurement contracts are reported on AusTender at
www.tenders.gov.au. The report is titled ‘Senate Order on Confidentiality in Procurement
Contracts by Entity’.

Please note the following agencies have not fully complied with paragraph 2 of the Senate Order:

- Australia Council excluded 29 contracts as disclosure would be contrary to the
  Privacy Act 1988;
- The Australian Broadcasting Corporation excluded 359 contracts because disclosure
  would breach contractual confidentiality provisions or privacy obligations or be contrary
to the public interest;
- The Australian National Maritime Museum excluded 13 contracts for reasons of
  confidentiality relating to sponsorships and commercial interests;
- The National Museum of Australia excluded four contracts for privacy reasons; and
- The Special Broadcasting Service excluded 620 contracts as they were confidential due to
  commercial or privacy reasons.

The contact officer within my Department is Ms Sarah Vandenbroek, Chief Financial Officer, who

Dear President

Pursuant to the Senate Order for Entity Contracts, of 20 June 2001 (amended 1 July 2017), I wish to advise that all entities within the Industry, Innovation and Science portfolio have placed a list of contracts of the value of $100,000 or more (GST inclusive), which have not been fully performed or which have been entered into in the 12 months prior to 30 June 2018, on their respective internet websites.

The locations of the lists are as follows:

- Department of Industry, Innovation and Science (including the Office of the Chief Scientist, the Office of Innovation and Science Australia and the COAG Australian Building Codes Board) - http://www.industry.gov.au
- IP Australia - http://www.ipaustralia.gov.au
- Commonwealth Scientific and Industrial Research Organisation (CSIRO) - https://www.csiro.au
- The Australian Institute of Marine Science (AIMS) - www.aims.gov.au

Procurement contracts subject to the Commonwealth Procurement Rules are not included in the contract listing to be placed on the internet. All procurement contracts can be found through the Senate Order button on AusTender at www.tenders.gov.au. The report is titled ‘Senate Order on Confidentiality in Procurement Contracts by Entity’.

The Industry, Innovation and Science portfolio listing is not complete for the reasons outlined below.

ANSTO’s listing does not fully comply with the requirements of paragraph (2) of the Order as:
  - Sixty (60) contracts in part, and three (3) contracts in their entirety have been omitted as disclosure would disclose internal costing information or information about its profit margin; be contrary to the public interest; or not be required under the Freedom of Information Act 1982.
- ANSTO has not included one hundred and fifty two (152) contracts on the basis that it would be contrary to the Privacy Act 1988.

CSIRO’s listing does not fully comply with the requirements of paragraph (2) of the Order as:

- Forty three (43) contracts, all of which are confidential, were not included on the basis that disclosure may reveal trade secrets which are judged to have the potential to cause detriment to the contractor.
- The amount of contract consideration has not been included for six (6) contracts on the basis that the information is commercially sensitive to third parties and harm is likely to be caused by its disclosure. The names of contractors for four hundred and thirty five (435) contracts have not been included for the same reason.
- The listing may contain errors or omissions due to technical issues with CSIRO’s internal systems and processes, which currently do not have the functionality required to readily comply with these specific reporting requirements and format.

The contact officer for the lists of contracts is Geoffrey Schier who may be contacted on (02) 6213 6978.

Yours sincerely
