Notice of Motion

Senator Hanson

Mr President

I give notice that on the next day of sitting, I shall move—That the Senate—

Notes:

The speech given by Dr Alberto Calderon, Chief Executive Officer of Orica, at the Melbourne Mining Club on 8 February 2018, and, in particular, the observations that:

- (a) while government spending is supporting growth and could reach almost 19% of GDP, long term growth does not come from the public sector;
- (b) the effect of a reduction in the corporate tax rate on jobs and higher wages is complicated by our franking credit system, which is particularly relevant to retirees whose income projections rely on the tax credits created by corporate tax at 30%;
- (c) a change to the tax system alone will not induce long term sustainable economic growth in Australia; and
- (d) Australia needs to encourage investment through incentives and to fix the regimes regulating energy, water, transport, telecommunications and other infrastructure.
