Costing overview

This proposal is expected to decrease both the underlying cash balance and fiscal balance by \$6.925 million over the 2013-14 Budget forward estimates period.

This includes departmental funding of \$6 million for the sports supplement information service and a \$925,000 grant to Exercise and Sports Science Australia to develop sports science accreditation.

This costing is considered to be of high reliability as the funding is capped.

Table 1: Financial implications (outturn prices)^(a)

Impact on	2013-14	2014-15	2015-16	2016-17
Underlying cash balance (\$m)	-	-2.3	-2.3	-2.3
Fiscal balance (\$m)	-	-2.3	-2.3	-2.3

(a) A negative number for the fiscal balance indicates an increase in expenses in accrual terms. A negative number for the underlying cash balance indicates an increase in expenses in cash terms.
