A GENERAL ELECTION**

contribution capped, with additional costs to be met by third parties, or is another funding formula envisaged?				
Are there associated savings, offsets or expenses? If yes, please provide details.	Not that would be captured in the costing, although in the longer term there will be reduced costs as the social harm from problem gambling is reduced, with less crime, families staying together and fewer people with damaged mental or physical health.			
Does the policy relate to a previous budget measure? If yes, which measure?	No			
If the proposal would change an existing measure, are savings expected from the departmental costs of implementing the program?	No			
Will the funding/program cost require indexation? If yes, list factors to be used.	No			
Expected impacts of the proposal				
If applicable, what are the estimated costs each year? If available, please provide details in the table below. Are these provided on an underlying cash balance or fiscal balance basis?				
Estimated financial implications (outturn prices) ^(a)				
	2013-14	2014-15	2015-16	2016-17
Underlying cash balance (\$m)	0	-0	-0	-0
Fiscal balance (\$m)	0	-0	-0	-0
(a) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A positive number in the underlying cash balance indicates an increase in revenue or a decrease in expenses or net capital investment in cash terms.				
What assumptions have been made in deriving the expected financial impact in the party costing (please provide information on the data sources used to develop the policy)?	N/A			
Has the policy been costed by a third party? If yes, can you provide a copy of this costing and its assumptions?	No			
What is the expected community impact of the policy? How many people will be affected by the policy?	Reduce harmful effects of gambling
