Description of policy:	
Summary of policy (as applicable, please attach copies of relevant policy documents):	\$100 million will be allocated over five years to the Australian Renewable Energy Agency to run a competitive tender programme supporting the development of community-owned renewable energy projects to the point where they could attract funding.
What is the purpose or intention of the policy?	To facilitate community-owned renewable energy projects as a contribution to the limiting of climate change.
What are the key assumptions that have been made in the policy, including:	
Is the policy part of a package? If yes, list and outline components and interactions with proposed or existing policies.	No
Where relevant, is funding for the policy to be demand driven or a capped amount?	Capped amount
Will third parties (for instance the States/Territories) have a role in funding or delivering the policy? If yes, is the Australian Government contribution capped, with additional costs to be met by third parties, or is another funding formula envisaged?	No
Are there associated savings, offsets or expenses? If yes, please provide details.	No

**PBO POLICY COSTING REQUEST – DURING THE CARETAKER PERIOD FOR
A GENERAL ELECTION**

Does the policy relate to a previous budget measure? If yes, which measure?	No			
If the proposal would change an existing measure, are savings expected from the departmental costs of implementing the program?	No			
Will the funding/program cost require indexation? If yes, list factors to be used.	No			
Expected impacts of the proposal				
If applicable, what are the estimated costs each year? If available, please provide details in the table below. Are these provided on an underlying cash balance or fiscal balance basis?				
Estimated financial implications (outturn prices) ^(a)				
	2013-14	2014-15	2015-16	2016-17
Underlying cash balance (\$m)	0	-20	-20	-20
Fiscal balance (\$m)	0	-20	-20	-20
(a) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A positive number in the underlying cash balance indicates an increase in revenue or a decrease in expenses or net capital investment in cash terms.				
What assumptions have been made in deriving the expected financial impact in the party costing (please provide information on the data sources used to develop the policy)?	Programme is capped.			
Has the policy been costed by a third party? If yes, can you provide a copy of this costing and its assumptions?	No			
What is the expected community impact of the policy? How many people will be affected by the policy? What is the likely take up? What is the basis for these impact assessments/assumptions?	Allow people around the country to invest in renewable energy.
