Part A: Aims of the Agreement

Clause 1 Introduction

- 1.1 This Agreement shall be known as the Department of the House of Representatives Enterprise Agreement 2012-15.
- 1.2 The purpose of the Department is to support the House of Representatives and the wider Parliament in the role of a representative and legislative body by providing advice and services of the highest possible standard. People are of critical importance in order to perpetuate this and strive for excellence in service delivery.
- 1.3 The Department and its staff will continue to work together to maximise the delivery of high level support and services to the House of Representatives and the Parliament and to achieve the objectives and outcomes set out in the Corporate Plan cascading down to business and individual plans. Progress towards realising this purpose will be assessed on a regular basis.
- 1.4 This Agreement will help us to continue to achieve outcomes in accordance with our directions for the future and our corporate values. The major elements of the Agreement are:
 - (a) continuation of the broadbanded classification structure with progress through the bands dependent on work value and work performance assessment;
 - (b) continued greater flexibility for working arrangements at the work group level, within broader areas and across the department;
 - (c) continued further flexibility of leave (including monitoring and reporting of all types of absences), allowances and flextime;
 - (d) a 3% rise in base rates of pay for all staff on 1 December 2012 or on commencement of the agreement, whichever is the later, plus a 3% rise in base rates of pay for all staff on 1 December 2013 and 1 December 2014 ; and
 - (e) maintaining weekly working hours at an average of 37.5 hours.

Clause 2 Objectives of the Agreement

- 2.1 The Department and its staff agree to work together in pursuit of business excellence. This will be achieved through the terms and conditions of the Agreement, the department's broad philosophy of valuing and supporting its staff and its corporate and business plans.
- 2.2 During the term of the Agreement, the Department and its staff agree to work together in:
- (a) providing for improved standards of work, salaries and conditions of employment for staff, including specific measures for staff to be able to balance their work, family and personal responsibilities;
 - (b) involving staff in the planning processes and in identifying performance improvement opportunities;
 - (c) providing feedback to staff through the performance management framework integrating business planning with team and individual performance plans and individual development and career plans;
 - (d) communicating with and consulting staff about workplace issues and proposals for change that encourage a participative approach to change management which leads to harmonious employee relations, greater job satisfaction, improved communications and a higher skill level;
 - (e) continuing to build on, and acknowledging, the strong personal commitment of staff to serving the House of Representatives and the Parliament;
 - (f) improving our capacity to provide high quality, cost effective advice and services to the Presiding Officers and all Members of Parliament to facilitate the effective operation of the House of Representatives – this includes reviewing processes and structures and encouraging development activities;
 - (g) improving flexibility in the way in which advice and services are delivered to the House of Representatives and the Parliament, taking account of the sittings and parliamentary cycles (e.g. continuing flexible staffing arrangements);
 - (h) further development of a continuous improvement culture that strives to achieve best practice and the optimum utilisation of technology in all aspects of the delivery of advice and service; and
 - (i) improving the efficiency and effectiveness of the Department's advice and service delivery arrangements.

Part C: Employment Practices

Clause 11 Anti-discrimination in the Workplace

- 11.1 The parties to the Agreement, agree that:
- it is their intention to respect and value the diversity of the work force by helping to prevent and eliminate discrimination at their workplace on the basis of race, colour, sex, sexual preference, age, physical or mental illness, marital status, family responsibilities, pregnancy, religion, political opinion, national extraction or social origin;
 - any dispute concerning these provisions and their operation will be dealt with in accordance with clause 8 of the Agreement; and
 - nothing in these provisions allows any treatment that would otherwise be prohibited by anti-discrimination provisions in applicable Commonwealth, State or Territory legislation.
- 11.2 The Department is committed to ensure that workplace diversity principles are fully integrated into all of the Department's activities, management practices, policies and procedures and maintaining the Department's policy on workplace diversity.
- 11.3 Nothing in this Agreement prevents a member of staff from exercising their rights under relevant anti-discrimination legislation should they choose.

Bullying and Harassment Prevention

- 11.4 The parties to the Agreement agree to continue to encourage staff to behave in a professional manner and to treat each other with dignity and respect. Work will continue on ensuring that bullying and harassment are not acceptable parts of our workplace culture.
- 11.5 Work on achieving this will be through continuing awareness training and through the processes developed in the Policy and Guidelines for Discrimination, Bullying and Harassment Prevention

Clause 12 Work Performance Management

- 12.1 Staff agree to have their work performance assessed in accordance with the Department's work performance management guidelines. Work performance assessment will link with the contents of the corporate plan and work area business plans.
- 12.2 The work performance cycle runs from 1 November to 31 October the following year.

Benefits and objectives

- 12.3 The benefits and objectives of work performance assessment include:
- improving the Department's performance through the development of a stronger performance culture;
 - gaining commitment to, and a shared understanding of, business directions being pursued at the team and individual level;
 - improving communication between managers and staff;
 - providing a fair and objective basis for recognising performance; and
 - improving mobility and flexibility in deploying staff.
- 12.4 At the individual staff member's level the benefits and objectives include:
- a framework for staff to plan and develop career goals and learning needs;
 - scope to receive rewards where work performance strongly contributes to organisational objectives and improvements;
 - the ability for individuals to develop a clear picture of their role and purpose within the Department;
 - a process for obtaining constructive feedback about work performance against measurable standards from others within the organisation; and
 - a process to determine progression through pay points at each classification level.

Process outline

- 12.5 The performance management framework links and includes:
- individual performance assessments flowing from the departmental business plan;

- a mechanism for feedback on performance (it is an option for staff to use the assessment for referee purposes), personal development and career plans;
- an instrument for staff to access mobility programs and seek to develop new skills;
- reliance on more than one assessment point;
- review by the supervisor's manager; and
- performance issues being dealt with as they arise and not delayed until the assessment stage.

- 12.6 Training will be provided for all staff to set work and development objectives and to participate in sessions designed to obtain feedback.

Unsatisfactory work performance

- 12.7 Where, despite attempts to improve performance through feedback, counselling and other measures, performance consistently falls below the expected standard the following procedure will apply to staff (excluding non-ongoing staff and staff on probation):
- the manager will provide the staff member with a written advice of the need for performance to improve. The advice will specify the acceptable standard of work, the way in which the staff member's work fails to meet that standard and that performance will need to improve over the next twelve weeks. A copy of the written advice will be provided to the SES manager;
 - during the twelve week period, a person appointed by the Clerk from outside the immediate work area, will assess the staff member's performance on a fortnightly basis and prepare a progress report on the individual's performance. The staff member must be given the opportunity to provide comments on the progress report;
 - if during the twelve week period circumstances arise that prevent the adequate assessment of the individual's work performance, the review period may be extended for a period no longer than the duration of the circumstances that intervened during the assessment period, or may be restarted;
 - at the end of the twelve week period, the person appointed will forward within seven days to the SES manager an assessment of whether the staff member has met the expected standard of performance, together with progress reports and any other relevant documentation;

- (e) if the staff member has met the expected standard of performance at the end of the twelve week period, no further action will be taken;
 - (f) if performance fails to meet the expected standard at the end of the twelve week period, the SES manager will write to the staff member asking him or her to show cause within seven days as to why the staff member's services should not be terminated;
 - (g) the SES manager will then decide whether to:
 - (i) terminate the employment of the individual; or
 - (ii) take some other action, including transfer or reduction in classification. If an employee is reduced in classification without consent, he or she may apply for review of that decision under section 33 of the Parliamentary Service Act 1999.
 - (h) the sole and exhaustive rights and remedies of an employee in respect of termination are those that the employee enjoys under:
 - (i) Part 3-1 and 3-2 Division 5 of the Fair Work Act 2009;
 - (ii) other Commonwealth laws (including the Constitution); and
 - (iii) at common law;
 - (i) termination of, or a decision to terminate employment, cannot be reviewed under the dispute prevention and settlement/review of decisions procedures set out in clauses 8 and 14 of this Agreement;
 - (j) nothing in this procedure prevents staff who have received a written advice, voluntarily requesting in writing that they have their service terminated at any stage of the process. On receipt of any such request, the SES manager will decide whether or not to terminate the employment of the individual.
- 12.8 Staff may be accompanied by a person of choice at any stage of the procedure outlined in this clause to support and/or represent them.

Clause 13 Consultation with Staff

- 13.1 The Department is committed to communicating and consulting with staff on workplace issues and will do so in a timely manner.
- 13.2 The Department's business planning process is fundamental to providing the opportunity for staff to develop understandings about corporate directions and how they translate to teams and individuals. Team meetings are vehicles for ongoing consultation and discussion and to seek comments and suggestions from staff about workplace matters.
- 13.3 The Department must undertake consultation with staff and their representatives in the development or replacement of policies or guidelines referred to in this Agreement.
- 13.4 The parties to the Agreement will continue the consultative committee to:
 - (a) monitor and discuss workplace issues including but not limited to attendance patterns and the build-up of any excessive flex credits, in a spirit of cooperation and trust; and
 - (b) ensure that staff not only receive information on workplace issues that affect them, but also have an opportunity to contribute their views on those issues.
- 13.5 The consultative committee shall consist of two staff representatives, two representatives for unions covered by the Agreement and four departmental representatives. The committee shall determine the terms of reference, agreed facilities and make the necessary arrangements for its constitution.

Principles for Workplace Delegates

- 13.6 The department and unions will agree on principles for workplace delegates and recognised representatives. The principles are to include the following points:
 - (a) the role of workplace delegates is to be respected and facilitated.
 - (b) workplace delegates are to be treated fairly and perform their role as workplace delegates without discrimination in their employment.
 - (c) workplace delegates have the right to participate in collective bargaining on behalf of those who they represent.

- (d) employees have the right to decide whether to be represented by a union in respect of workplace matters.
- (e) workplace delegates will have access to new employees during orientation.

Clause 14 Review of Employment Actions

- 14.1 The parties to the Agreement agree that as far as possible the following mechanism will be used to resolve complaints, informally, before staff take formal grievance or appeal action under the parliamentary service employment framework. Where an employee at any time makes an application to have the matter considered formally under that framework, the matter will not be considered, or further considered, under the following clauses.
- 14.2 Staff are entitled to request an informal review of any action affecting them which they consider to be unfair and which relates to their employment, unless the matter has been considered to finality under clause 8 or subclause 12.7 of this Agreement. In the latter case, the employee may seek further review under section 33 of the Parliamentary Service Act 1999.
- 14.3 In the first instance, staff affected should discuss the issue with their manager. If the subject matter of the complaint cannot be resolved or is inappropriate to discuss with the manager, the affected staff may refer it to the SES manager or, as determined by the Clerk, another senior manager, who will:
- (a) treat the matter in confidence;
 - (b) discuss the matter with the applicant to assess and agree on the appropriate course of action to be followed and the limits of the case, unless she or he decides the complaint;
 - (c) appoint a suitably qualified and unbiased person to resolve the matter by conciliation or mediation;
 - (d) where this is not successful or appropriate, appoint a suitably qualified and unbiased person to inquire into the complaint and report to the SES manager in an appropriate form. The applicant will also receive a copy of any written report; and
 - (e) determine the outcome of the complaint having regard to the content of the report and, in consultation with the SES manager,

use his or her best endeavours to resolve the matter.

- 14.4 The following principles will apply:
- (a) the case will be dealt with as expeditiously as possible;
 - (b) the onus is on the applicant to establish a case;
 - (c) the applicant will specify the outcome(s) sought;
 - (d) procedural fairness will apply to all parties to the complaint:
 - (i) there is a right to a fair hearing by an unbiased person;
 - (ii) parties to the complaint have the right to know the case against them; and
 - (iv) parties to the complaint have the opportunity to comment on material which may result in findings adverse to them;
 - (e) the standard of proof to apply will be the balance of probabilities;
 - (f) full investigation of alleged incidents, statements and events will only be conducted if preliminary consideration shows this would achieve some useful purpose; and
 - (g) as far as possible confidentiality and privacy will be observed, noting that information on relevant files may be subject to applications for disclosure under the department's policy on freedom of information.
- 14.5 If this process fails to resolve the complaint, the formal complaint resolution mechanisms under the Parliamentary Service employment framework remain available to staff, for those actions that are 'reviewable actions' within the meaning of the Parliamentary Service Determinations.
- 14.6 The Clerk may adopt the outcome of the procedures under sub-clause 14.3 as a primary review for the purposes of clause 7.4.4 of Parliamentary Service Determination 2003/2.

Clause 15 Selection and Advancement of Staff

- 15.1 The Department is committed to good practice in its approach to the engagement, assignment of duties and advancement of staff.
- 15.2 The Clerk will seek to balance departmental operational requirements, the career aspirations and development needs of staff and the need for employment in the Department to be open to competition from APS and Parliamentary Service employees and members of the Australian community.
- 15.3 The relevant SES manager will determine, having regard to s22.3 of the Parliamentary Service Act whether staff are to be recruited to the Department on an ongoing basis or for a particular period. In doing so the SES manager will have regard to effective resource management, departmental organisational requirements and priorities, and the career management and developmental needs of existing staff.
- 15.4 Specific recruitment and selection policy and procedures are set out in the Department's "Recruitment and Selection Procedures".

Clause 16 Investing in Staff

- 16.1 The Department recognises the importance of building on the skills and commitment of its staff in achieving its objectives through the life of the Agreement.
- 16.2 The Department will, in partnership with the APSC, promote employment opportunities to Indigenous people.

Induction

- 16.3 The Department considers that it is crucial for staff who have joined the organisation to become aware of (and remain familiar with) its purpose, goals and key values, their rights and responsibilities and their role in the organisation.
- 16.4 The Department will continue structured processes which ensure that:

Leave management strategies

- 32.6 Staff will be expected to take at least nine weeks recreation leave during the life of the Agreement or three weeks per year, and supervisors will be required to monitor and manage staff leave. This will include development of formal leave plans and regular consultation shall occur between the supervisor and staff member. Such plans will be a major consideration of any requests for the deferral of reduction of credits outlined in subclause 32.8.
- 32.7 The work performance assessment of supervisors will include consideration of their management of staff leave. Quarterly reports on leave taken by staff will be provided to the department's Executive.
- 32.8 All staff with a recreation leave credit in excess of eight weeks (300 hours) on 31 May each year, will be required to consult with their SES Manager about recreation leave they will take to reduce their credit. Staff may apply to reduce their leave credit through cashing out. Should a staff member elect to cash out part of their leave, they may have the payment split between the current financial year and the next financial year.

Clause 33 Purchased Leave

- 33.1 Staff may elect to purchase at least one week's additional leave per year up to a maximum of ten weeks. All purchased leave in excess of four weeks will be discounted as per subclause 33.3. The taking of purchased leave is subject to approval of the Clerk. Relief arrangements for staff absences under purchased leave are at the discretion of the manager, and should be handled in the same way as for recreation leave arrangements.
- 33.2 Staff will have an amount deducted from their annual salary (as specified in Schedule 1) which will be reflected in their fortnightly salary. The amount deducted will depend on the amount of leave purchased and the staff member's salary. These arrangements will not affect continuity of service or other entitlements. Purchased leave will count as service for all purposes.
- 33.3 Staff purchasing more than four weeks additional leave will have the amount deducted from salary discounted by 1/3 of the amount in excess of four weeks.

Clause 34 Compassionate Leave

- 34.1 Staff are entitled to a period of not less than two days and up to 3 days of paid compassionate leave for each occasion when a member of the employee's family or household:
- (a) contracts or develops a personal illness or sustains a personal injury that poses a serious threat to his or her life; or
 - (b) dies.
- 34.2 Sessional or casual staff will be entitled to unpaid compassionate leave in the circumstances outlined in clause 34.1.
- 34.3 Staff are able to access additional leave in situations of bereavement from their personal leave credits as outlined in clause 35.3 (b).

Clause 35 Personal Leave

- 35.1 Personal leave may be accessed and will be granted in a range of situations affecting self and others.

Personal leave for a staff member

- 35.2 (a) where staff are ill or injured or for an attendance at a medical appointment;

Personal leave for situations involving others

- 35.3 (a) to enable staff to care for members of their family/household who are ill or injured;
- (b) for bereavement purposes following the death of a member of family or household or a close friend. Personal leave for bereavement purposes is in addition to the compassionate leave provisions at clause 34.
- 35.4 Staff will accumulate eighteen days personal leave credits at full pay for each year of employment with the Department. The pro rata provisions of clause 17 apply to part-time staff. Staff, on engagement, will be credited with eighteen days personal leave. Staff employed on non-ongoing contracts will accrue personal leave on a pro rata basis for each completed month of service.
- 35.5 Staff have access to personal leave as it accrues on a daily basis. Where personal circumstances require, staff may apply to convert full pay sick leave credits to half pay sick leave credits. Personal leave will not accrue where staff have been absent on leave without pay which does not count as service, or any unauthorised absence.
- 35.6 Staff will not have their services terminated without consent on incapacity grounds before their personal leave credits have been exhausted.
- 35.7 Staff who are retired on incapacity grounds, and are subsequently re-engaged as a result of action taken under section 75 of the Superannuation Act 1976, are entitled to be credited with personal leave equal to the credit at the time of retirement.
- 35.8 Staff receiving workers compensation for more than forty five weeks or on graduated return to work provisions will accrue personal leave and recreation leave on a pro rata basis for the hours actually worked.
- 35.9 Staff who are medically unfit for duty for one day or longer while on recreation or long service leave and who produce satisfactory medical evidence, may apply for personal leave. Recreation and long service leave will be re-credited to the extent of the period of personal leave granted.

- 35.10 Staff who qualify for carers' leave and compassionate leave, under paragraphs 35.3 and 34 respectively, for one day or longer while on recreation leave and who produce evidence, may apply for personal leave. Recreation leave will be re-credited to the extent of the period of personal leave granted.
- 35.11 Personal leave will not be debited where staff are medically unfit on a public holiday that they would otherwise have observed.
- 35.12 Staff cannot be paid personal leave while on paid maternity leave.
- 35.13 Staff who are absent from work because of illness are not normally able to use leave other than personal leave to cover the absence. However, recreation leave or long service leave may be used on request in the following circumstances:
- (a) recreation leave may be granted where staff have a long-term illness, have been continuously absent for at least 26 weeks and have exhausted all paid personal leave; and
 - (b) long service leave may be granted to staff who have been absent on personal leave because of a long-term illness provided that a report on their state of health is obtained first from a nominated medical practitioner. If the nominated medical practitioner reports that staff are totally and permanently incapacitated, the procedures for incapacity termination of service should be followed.
- 35.14 Where staff are granted personal leave without pay, the period of leave will count as service for the purpose of recreation and personal leave entitlements.
- 35.15 The Clerk may, where such treatment is justified, allow staff with long service a grant of additional leave on pay (usually on half pay) where leave on pay is exhausted.

Leave management strategies

- 35.16 Staff must advise their manager by 10am or as soon as practicable on the date of absence of their absence or their intention to be absent on personal leave.
- 35.17 Supervisors are required to monitor the taking of leave by staff and must discuss the reasons for absences with staff, on their return to duty. Staff will generally not be required to provide a medical certificate to support an application for personal leave arising from personal, family or

household injury or illness. Where such leave is excessive, a supervisor may request a certificate. Medical certificates cannot be requested for periods of personal leave taken prior to a supervisor's request for a medical certificate.

- 35.18 Staff may use flex leave for absences on account of personal leave for periods of a day or less.
- 35.19 Where staff are on personal leave for a continuous period of 4 weeks, or for a total of 13 weeks in any 26 week period, or they present a doctor's report stating they are unfit for duty and the prognosis is unfavourable, the directions in subclause 3.7.2 in Parliamentary Service Determination 2003/2 should be applied.
- 35.20 The grant of further personal leave when staff have been on continuous personal leave for 13 weeks is subject to a medical examination by the nominated medical practitioner. When staff have been on continuous personal leave for less than 13 weeks and it appears that the absence may continue beyond 13 weeks, they may be referred to a nominated medical practitioner for a medical examination. Staff who have been on continuous personal leave for more than 13 weeks must be certified fit by the nominated medical practitioner before they are permitted to return to work.

Clause 36 Serious Illness (Personal) Leave Bank

- 36.1 The Serious Illness (Personal) Leave Bank is a central bank into which staff members can donate an amount of their accrued personal leave which can then be used by other staff who are experiencing hardship due to their own, or a member of their family's (for whom they have immediate carer's responsibility) non-compensable serious illness (of a life threatening nature).

Eligibility

- 36.2 For staff seeking to access the Bank, the following requirements apply. The staff member must:
- (a) be an ongoing employee;
 - (b) have a non-compensable serious illness (as defined) or be required to care for a family member with such an illness for whom they have immediate responsibility, supported by an appropriate medical certificate; and

- (c) have used all of their available paid leave (personal leave, recreation leave, purchased leave, long service leave).
- 36.3 For staff seeking to donate to the Bank, the following requirements apply. The staff member:
- (a) has a minimum of 36 days accrued personal leave;
 - (b) may donate a maximum of two days of personal leave in any calendar year;
 - (c) understands that the donated leave is for use by any eligible employee whose application is approved by the Clerk. The donating employee does not have personal discretion as to the allocation of their donated leave; and
 - (d) understands that once the leave is donated it cannot be redeemed.
- 36.4 Staff are not able to donate to the Bank the balance of their personal leave on retirement or resignation. Eligible staff in this situation, can prior to cessation, donate two days.
- 36.5 Once approved, a staff member is eligible to access a maximum of 60 working days of additional personal leave through the Bank per year. Approved part-time staff are entitled to a prorated amount. Once approved, additional personal leave can be used by the staff member either intermittently over a period of time or as one continuous absence. The Bank can only be accessed once a member of staff has exhausted all of their own leave credits. The Bank only can be drawn on to the extent of 180 days each calendar year unless the Clerk determines there are special circumstances.
- 36.6 Staff granted access to the Bank will continue to accumulate their regular leave entitlements and superannuation entitlements. This leave will not be debited where a public holiday occurs.
- 36.7 Staff are expected to provide as much advance notice as possible. In emergencies, when advance notification is not possible, staff are expected to provide notice and supporting medical evidence as soon as possible after the commencement of their leave of absence. The medical certificate must confirm the nature of the illness and the length of the incapacitation.

Clause 37 Defence Reservists Leave

- 37.1 Staff may be granted leave (with or without pay) to enable the employee to fulfil Australian Defence Force (ADF) Reserve and Continuous Full Time Service (CFTS) or Cadet Force obligations.

Note: The entitlement to leave for Reserve Service is prescribed under the Defence Reserve Service (Protection) Act 2001.

- 37.2 A staff member is entitled to ADF Reserve leave with pay, for up to four weeks during each financial year for the purpose of fulfilling service in the ADF Reserve. These purposes include training and operational duty as required.
- (a) During the staff member's first year of ADF Reserve service, a further two weeks paid leave may be granted to facilitate participation in additional ADF Reserve training, including induction requirements.
 - (b) With the exception of the additional two weeks in the first year of service, leave can be accumulated and taken over a period of two years, to enable the employee to undertake training as a member of the ADF Reserves.
 - (c) Employees are not required to pay their tax free ADF Reserve salary to the Agency in any circumstances.
- 37.3 Defence Reserve leave counts as service for all purposes, except for unpaid leave to undertake Continuous Full Time Service (CFTS). Unpaid leave for the purpose of CFTS counts for all purposes except Annual leave.
- 37.4 Eligible staff may also apply for Recreation leave, long service leave, leave without pay, or they may use flextime for the purpose of fulfilling ADF Reserve, CFTS or Cadet Force obligations.

Clause 38 Types of Parental Leave

Maternity Leave

- 38.1 The entitlement to paid maternity leave is determined under the Maternity Leave (Commonwealth Employees) Act 1973. An employee who is entitled to 12 weeks paid leave under the Maternity Leave (Commonwealth Employees) Act 1973 will have access to an additional two weeks of other paid leave to be taken immediately following the first 12 weeks of maternity leave. The staff member may elect to take the 14 week payment over 28 weeks. Any such period of leave in excess of

14 weeks will not count as service for any purpose. The total amount of leave that can be taken under the Maternity Leave (Commonwealth Employees) Act 1973 is 52 weeks.

Adoption Leave

- 38.2 An employee with 12 months continuous service who adopts a child and who will be the primary care giver of the child is entitled to 14 weeks paid leave for the purposes of adopting the child. Adoption leave can be taken at full or half pay. Adoption leave is non-gender specific.

Clause 39 Miscellaneous Leave

- 39.1 The Clerk may approve leave for other reasons not covered by other leave types having regard to operational needs of the Department.
- 39.2 Miscellaneous leave will be granted with pay for the following purposes:
- war service sick leave;
 - one day paid leave to participate in NAIDOC week activities;

- 39.6 Staff may access long service leave for a minimum period of seven calendar days at any one time.

Christmas stand-down

- 39.7 All staff will be granted three days leave with pay, without deduction from leave credits, between Christmas Day and New Year's Day each year.

Clause 40 Public Holidays

- 40.1 Staff will observe the following public holidays observed in the Australian Capital Territory without loss of pay: New Year's Day (or substitute); Australia Day (or substitute); Good Friday and the following Saturday and Monday; 25 April, Anzac Day (or substitute); the Queen's Birthday observance day; the labour day or equivalent; Christmas Day (or substitute); Boxing Day (or substitute) and any further public holidays gazetted by the ACT Government.

- 40.3 Where a staff member is on duty in another state on a day designated as a public holiday in the ACT, they will be granted a day's leave in lieu.

Clause 41 Redeployment, Retirement and Redundancy

- 41.1 For the purposes of this clause, staff (excluding non-ongoing staff and staff on probation) are excess if they are substantively at a level where:
- there are a greater number of staff than is necessary for the efficient and economical working of the Department; or
 - where the services of staff cannot be used effectively because of technological or other changes in the work methods or changes in the nature, extent or organisation of the functions of the Department, or
 - the duties of the staff member are to be performed at a different locality, the employee is not willing to perform duties at that locality and the Clerk has determined that the provisions of this clause apply to the employee.

Consultation process

- 41.2 When the Clerk is aware that staff are likely to become excess to requirements, they will be advised in writing of the situation.

- 41.3 Discussions will be held with the potentially excess staff, and if requested, their representatives, usually within a one month time period, to consider:
- the redeployment opportunities for the staff concerned; and
 - whether voluntary retrenchment might be appropriate.
- 41.4 The Clerk may, prior to the conclusion of these discussions, invite staff who are not potentially excess to express interest in voluntary termination, where those terminations would permit the redeployment of staff who are potentially excess.

Voluntary retrenchment (VR)

- 41.5 Where the Clerk invites excess staff to volunteer for termination, they will have one month to make an election. The Clerk will not give notice of termination before the end of that period or until such an election is received (in circumstances where the election is received before the end of that period). The Clerk may only make one such offer of VR to staff.

Information to be provided

- 41.6 Staff must be given timely information on:
- the amount of severance pay, pay in lieu of notice and paid up leave credits;
 - their amount of accumulated superannuation contributions;
 - their options concerning superannuation;
 - the taxation rules applying to the various payments; and
 - the availability of financial counselling up to a cost limit of \$500.

Period of notice

- 41.7 Where staff agree to be voluntarily retrenched, the Clerk may approve termination and upon approval will give the required Notice of Termination under section 29 of the Parliamentary Service Act 1999. The period of notice will be four weeks (or five weeks for staff over 45 years of age with at least five years of continuous service). Where staff terminate or are terminated at the beginning of, or within the notice period, they will receive payment in lieu of notice for the unexpired portion of the notice period.

Severance benefit

- 41.8 Staff who agree to be voluntarily retrenched and have their employment terminated under section 29 of the Parliamentary Service Act 1999 on the grounds that they are excess to the requirements of the department, are entitled to be paid a severance benefit equal to two weeks' salary for each completed year of service, plus a pro rata payment for completed months of service since the last completed year of service, subject to any minimum amount the staff member is entitled to under the National Employment Standards. The minimum sum payable will be four weeks' salary and the maximum will be forty-eight weeks' salary. The severance benefit will be calculated on a pro-rata basis for any period where staff have worked part-time hours during their period of service and they have less than twenty-four years full-time service.
- 41.9 Service for severance pay purposes means:
- (a) service in the Department;
 - (b) Government service as defined in section 10 of the Long Service Leave (Commonwealth Employees) Act 1976;
 - (c) service with the Commonwealth (other than service with a Joint Commonwealth-State body corporate in which the Commonwealth does have a controlling interest) which is recognised for long service leave purposes;
 - (d) service with the Australian Defence Forces;
 - (e) APS service immediately preceding deemed resignation, if the service has not been previously recognised for severance pay purposes; and
 - (f) service in another organisation where staff were transferred from the APS to that organisation with a transfer of function or service in another organisation on work within a function is appointed as a result of the transfer of that function to the APS and such service is recognised for long service leave purposes.
- 41.10 For earlier periods of service to count there must be no breaks between the periods of service, except where:
- (a) the break in service is less than one month and occurs where an offer of employment with the new employer was made and accepted by the staff member before ceasing employment with the preceding employer; and

- (b) the earlier period of service was with the APS and ceased because the staff member was deemed to have resigned from the APS on marriage under repealed section 49 of the repealed Public Service Act 1922.

- 41.11 Any period of service which by way of retrenchment; retirement on grounds of invalidity; inefficiency or loss of qualifications; forfeiture of office; dismissal; termination of probation appointment for reasons of unsatisfactory service; or voluntary retirement at or above the minimum retiring age applicable to staff or with the payment of an employer-financed retirement benefit will not count as service for severance pay purposes.
- 41.12 Absences from work which do not count as service for any purpose will not count as service for severance pay purposes.
- 41.13 For the purpose of calculating the severance benefit, salary will include:
- (a) staff salary; or
 - (b) the salary of the higher position, where staff have been performing work at a higher level for a continuous period of at least twelve months immediately preceding the date on which they are given Notice of Termination; and
 - (c) other allowances in the nature of salary which are paid during periods of annual leave and on a regular basis, excluding allowances which are a reimbursement for expenses incurred, or a payment for disabilities associated with the performance of duty.

Retention periods

- 41.14 Unless they agree, excess staff who do not agree to be voluntarily retrenched, will not be involuntarily retrenched until the following retention periods have elapsed:
- (a) thirteen months where staff have twenty or more years of service or are over 45 years of age; or
 - (b) seven months for other staff.

If a staff member is entitled to a redundancy payment in accordance with the National Employment Standards, the relevant period in the above clause is reduced by the number of weeks redundancy pay that the staff member will be entitled to under the National Employment Standards on termination, calculated as at the expiration of the retention period (as adjusted by this clause).

- 41.15 The retention period will commence on the earlier of the following:
- (a) the day staff are advised in writing by the Clerk that they are excess staff; or
 - (b) one month after the day on which the Clerk invites the staff to elect to be retrenched.
- 41.16 During the retention period the Clerk:
- (a) will continue to take reasonable steps to find alternative employment for staff; and/or
 - (b) may, with four weeks' notice, reduce the classification of excess staff as a means of securing alternative employment for them. Where excess staff are reduced in classification before the end of the appropriate retention period, they will continue to be paid at the previous level for the balance of the retention period.
- 41.17 During the retention period staff:
- (a) will take reasonable steps to find alternative employment;
 - (b) actively participate in learning and development activities, trial placements or other arrangements agreed to, to assist in obtaining a permanent placement; and
 - (c) will be able to seek assignment of duties at level, in isolation from, and not in competition with, other applicants. If the excess staff member is capable of satisfactorily performing the duties, the excess staff member should be assigned these duties.
- 41.18 Excess staff may request assistance in meeting reasonable travel and incidental expenses incurred in seeking alternative employment where these expenses are not met by the prospective employer.
- 41.19 Where the Clerk is satisfied that there is insufficient productive work available for the excess staff member during the remainder of the retention period, the Clerk may, with the agreement of the staff member, terminate their employment under section 29 of the Parliamentary Service Act 1999.

Upon termination the staff member will be paid a lump sum comprising:

- (a) the balance of the retention period (as shortened for the NES under sub-clause 41.14) and this payment will be taken to include the payment in lieu of notice of termination of employment; and
 - (b) an additional redundancy payment equal to the amount the retention period was shortened by under subclause 41.14.
- 41.20 Excess staff will not be retrenched involuntarily if they have not been invited to elect to be retrenched or have elected to be retrenched but the Clerk refuses to approve it.
- 41.21 Excess staff will be given four weeks' notice (or five weeks if they are over forty-five years of age with at least five years of continuous service) where it is proposed that they will be involuntarily retrenched. Wherever possible, this notice will be concurrent with the retention period.

Clause 42 Period of Notice

- 42.1 Employees resigning from the department should give their manager two weeks written notice. The period of notice can be waived or reduced by agreement of the employee and their Manager.
- 42.2 The period of notice given by the department to its non-ongoing employees shall be in accordance with section 117 (3) of the Fair Work Act 2009.
