Question No: SQ17-000003

Topic: Housing and Homelessness

Hansard page: 47

Senator Doug Cameron asked:

Can you provide a copy of the papers that are developed following each face-to-face meeting between housing and homelessness senior officials?

Answer:

The Department is unable to provide copies of the papers developed following face-to-face meetings between housing and homelessness senior officials. Making these papers public has the potential to damage future working relationships, and be detrimental to open and frank negotiations, between the Commonwealth and states and territories in relation to housing and homelessness matters.
