Outcome Number: 4.1 Housing and Homelessness

Question No: SQ17-000012

Topic: Housing and Homelessness

Hansard page: 56

Senator Doug Cameron asked:

Can you provide the file notes or the extracts from your notes from each housing and homelessness senior officials meeting so we can understand what has been happening and who attended?

Answer:

The Department is unable to provide file notes, extracts from notes or attendance lists from each housing and homelessness senior officials meeting. Making this material public has the potential to damage current and future working relationships, and negotiations, between the Commonwealth and states and territories in relation to housing and homelessness matters.
