**Topic: Permanent Residential Care**

**Hansard page: 109**

**Senator Linda Reynolds** asked:

Please provide a breakdown by state of young people aged under 65 receiving permanent residential care.

a) Also breakdown by the condition which has led them to be in an aged-care facility.

**Answer:**

Data is for permanent residents in aged care to replicate table 15A.54 from Report on Government Services 2017: <http://www.pc.gov.au/research/ongoing/report-on-government-services/2017/community-services/services-for-people-with-disability>

As there are many factors that could have led a person to be living in an aged care facility, the Department of Health have advised they are unable to provide data on the condition that has led this cohort to be in an aged care facility.
