OUTCOME 1: Population Health

Topic: ORGAN AND TISSUE DONATION FOR TRANSPLANTATION

Written Question on Notice

Senator Fierravanti-Wells asked:

What is the Agencies policy with regards to the accessing of the Australian Organ Donor Register in the request process?

Answer:

As documented in the funding agreements between the Organ and Tissue Authority and the jurisdictions, staff are required to “Confirm the Australian Organ Donor Register has been accessed to establish if a potential donor has registered consent or objection to donating organs and/or tissues for transplantation”.

The Authority’s performance target is that the “Australian Organ Donor register is accessed for 100 per cent of potential donors”.
