Question:

Has the previous minister, Minister Roxon, or Minister Plibersek ever met with any representatives of Ochre Health?

Answer:

The Office of the Minister for Health, the Hon Tanya Plibersek MP, has advised that the Minister has had no meetings with any representatives of Ochre Health, although she launched the Grafton GP Super Clinic (Ochre Health is the funding recipient).

The Department is not aware of the former Minister for Health and Ageing and now Attorney-General, the Hon Nicola Roxon MP, having met with any representatives of Ochre Health.
