Parliament House  
CANBERRA ACT 2066

Dear Dr Holland

**Request for Amendment to Evidence Provided at Budget Estimates Hearing,  
Date 31 May 2012: Outcome: 5. Primary Care**

I am writing to correct a statement made by Anne Thorpe, who was A/g Assistant Secretary for GP Super Clinics Branch at the Budget Estimates Hearing of the Senate Community Affairs Committee on 31 May 2012.

Senator Fierravanti-Wells asked the following question:

“This is the same question as before about the other applicants, so I will take your answer to be similar, that you leave it open and you do not notify other applicants?”  
(in regard to the ACT GP Super Clinic)

Ms Thorpe’s response was as follows:

“Until after the funding agreement is executed.”

It has been brought to my notice that the evidence that Ms Thorpe provided was inaccurate. However, in light of subsequent discussions the response should now be amended as follows (changes are underlined):

“Until after the funding agreement is executed. There was a notice to other applicants that negotiations with a preferred applicant had commenced, but that there was potential for other approaches to applicants prior to the funding agreement being signed, on the basis that one can never be certain that the negotiations will reach a successful conclusion.”

Yours sincerely
