ANSWERS TO ESTIMATES QUESTIONS ON NOTICE

HEALTH PORTFOLIO

Supplementary Budget Estimates 2013-14, 20 November 2013

Question: E13-007

OUTCOME: 1 – Population Health

Topic: Sports Funding

Type of Question: Written Question on Notice

Senator: Ludwig

Question:

Is there any consideration or work, or review being done to change the investment allocation or the current funding envelope, if so please provide all relevant details and or documents?

If not, how long will the investment allocation stay in place?

Answer:

The Australian Sports Commission's investment allocations to national sporting organisations for both high performance and participation are reviewed on an annual basis.

The review process examines sports' performance against key strategic priorities and targets, as well as their future ability to meet targets.

Through the Annual Sport Performance Review, the ASC assesses sports outcomes in high performance and participation and also considers broader organisational issues in areas such as governance, finance and integrity.

The outcomes of this process inform the ASC Board's decision making process on investment allocations for future years.
