Answer:

It is a vital part of NBN Co's communications activities to ensure local communities are informed about the NBN. This can include assisting members of local, state and federal governments with requests for information and briefings on the NBN rollout. These requests can be commissioned in a number of ways, including through direct contact with NBN Co stakeholder relations officers or through Ministers' offices. This information can take many forms including background information relating to fibre, satellite or wireless, network rollout information in particular areas, or information relating to communications activities. It would be an unreasonable diversion of resources for NBN Co to attempt to compile a list of each briefing. It is not possible to quantify the time spent on such requests as they form part of the normal business operations for members of the stakeholder relations and communications teams.
