Hansard Ref: Written, 07/06/2017

Topic: Coffee machines

Senator Urquhart, Anne asked:

Can an itemised list of coffee machines at Australia Post premises please be provided including (i) make and model; (ii) purchase or lease cost; (iii) ongoing maintenance costs; (iv) ongoing cost of supplying coffee and other consumables?

Answer:

Previously, Australia Post has not captured data on coffee machines across the enterprise. However, recently completed renovations and building upgrades in its main head office facilities have included the installation of coffee machines. As a result of that process, Australia Post is now capturing information about coffee machines in its main head office facilities. A list of these coffee machines are provided below. Coffee machines may also be in use at other Australia Post premises (i.e. regional centres) but these are not recorded formally on a central register.
