

**Senate Standing Committee on Economics**

**ANSWERS TO QUESTIONS ON NOTICE**

**Treasury Portfolio**

Additional Estimates

13 – 14 February 2013

**Question: AET 334-336**

**Topic: Social Media**

**Written: Received from Committee – 22 February 2013**

**Senator BUSHBY asked:**

334. Has there been any changes to Department and Agency social media or protocols about staff access and usage of YouTube; online social media, such as Facebook, MySpace and Twitter; and access to online discussions forums and blogs since October 2012 Supplementary Budget Estimates? If yes, please explain and provide copies of any advice that has been issue.
335. Does the Department/Agency monitor usage of social media?
- If yes, provide details of the usage (for example details could include average hours per employee, hours when usage peaks).
  - Has there been a change to the department/agency protocols due to staff usage?
  - If no, why not? Will the department/agency monitor usage in the future?
336. Do social media impact on employee productivity? Provide details (details could include increased internet usage in general or increased internet usage in standard business hours).

**Answer:**

334. ASIC has not made any changes to the Agency social media policy or protocols since the October 2012 Supplementary Budget Estimates.
335. ASIC does not pro-actively monitor usage of social media. ASIC has no plan to change this position while usage is restricted.
336. Outside of the business units directly involved in the use of social media for authorised purposes, ASIC employees have no access to social media sites through ASIC's systems inside and outside of business hours. As such, the employee productivity impact is negligible.
