QUESTION No.: AI-194

Minister Canavan's Office

What were the top 20 most accessed (by number of times accessed) unique domain names accessed by your Ministerial office this year?

ANSWER

The department does not have separate reporting for Ministerial Offices. In order to report on this, an officer would need to manually extract and interrogate the data from all departmental internet traffic and attempt to derive reports for Ministerial personnel. Due to the time this would take, the department considers this to be an unreasonable diversion of resources.
