(c) Leased or Owned

All premises occupied by ASIC are leased.

(e) Classification of Staff

The way in which the number of staff in each location (listed above) has been calculated is based on the Australian Government Property Data Collection (PRODAC) specification and methodology, which is reported annually to DoFD and does not require details of staff classifications. The effort required to provide this level of detail would require an unreasonable diversion of resources to compile the data.

(f) Lease cost per annum (m2)

These figures reflect the annual budgeted rates for FY 13-14.
