2016-17 Supplementary Budget Estimates
20 October 2016

AGENCY: AUSTRALIAN NUCLEAR SCIENCE AND TECHNOLOGY ORGANISATION

TOPIC: Staffing levels

REFERENCE: Written Question – Senator Carr

QUESTION No.: SI-75

1. What changes have occurred to your staffing in the last financial year?
2. What is your expectation of staffing levels in the next financial year?
3. On notice, can you break up your staff levels by site, and by organisational division within ANSTO?

ANSWER

1. Staffing for the ANSTO group, inclusive of the Australian Synchrotron and PETNET Solutions, has increased from 1,201.5 FTEs to 1,221.5 FTEs.
2. Approximately 1,257 FTE. ANSTO expects to engage 36 new FTEs associated with its new nuclear medicine facility.

3.

ANSTO Staff FTEs by Organisational Division as at 30.09.2016 (excludes casuals)	
ANSTO Health	225.83
Nuclear Services	194.24
Nuclear Science Technology and Landmark Infrastructure	451.84
Engineering, capital and maintenance services	171.38
Other enablers	179.99
Grand Total	1,223.28

ANSTO Staff FTEs by location as at 30.09.2016 (excludes casuals)	
Lucas Heights - Sydney	1,069.92
Camperdown - Sydney	13.00
Clayton - Melbourne	139.36
Australian Embassy, Vienna - Austria	1.00
Grand Total	1,223.28
