Significant benefits and Features

We believe the most significant benefits of this Group Policy are that it offers cover resulting from an injury:

The Insured may select the following types of cover;

- Section A – Capital benefits

The cover selected by the Insured will be shown on the Policy Schedule .

The Policy provides:

- lump sum payments (if the Insured has chosen cover for capital benefits) for accidental death and other listed conditions; and

Significant risks

This product may not match your expectations

This product may not match your expectations (for example, because an exclusion applies). You should read the PDS and the Policy Wording carefully. Please ask your financial Services provider if you are unsure about any aspect of this product.

The Policy will not cover some health problems you had before cover commenced. Health problems not covered are those that are chronic or we think are likely to recur.

The sum insured may not be adequate

The insured has selected a sum insured to provide cover for your losses in the event you make a claim. You should establish whether or not the sum insured chosen is adequate for your needs from a person who is authorised to give you this advice.

If the insured has selected a sum insured for 'Weekly benefits' – Injury which is more than the earnings you stand to lose, your periodic payments will be capped to the weekly sum you actually lose.

Taxation implications

There may be other taxation implications affecting you, depending upon your own circumstances. We recommend that you seek professional advice.

How to make a claim

Full details of what you must do for us to consider your claim are provided in the general conditions of this booklet and in the AJG Group Personal Accident Policy (AJG Gov GPA Wording 2015-2016). To make a claim under this Policy please contact your financial services provider.
