Schooling Resource Standard - 2014

Question

For 2014 what per cent of the SRS did each school in Australia reach from all funding sources?

For 2014, what proportion of schools nationally, in each state/territory, and in each sector for each state and territory did not reach 95 per cent of the SRS? Please provide a list of these schools and indicate the per cent of the SRS they reached.

Answer

Funding under the *Australian Education Act 2013* is determined at the approved authority (AA) level. The Schooling Resource Standard (SRS) reflects only Commonwealth and state or territory recurrent funding.

Table 1 shows the percentage of the SRS determined for each AA in 2014. In this list it is assumed that state and territory funding has been provided as envisaged by the Act.

Table 2 shows the percentage of AAs nationally and by sector with less than 95 per cent of their SRS in 2014.
