Data and modelling - Gonski

Question

Has the Department any modelling on the difference in funding that individual states, regions, electorates and schools will receive as a result of the decision not to deliver funding planned for the fifth and sixth years of the 'Gonski plan'?

Answer

The department models distribution of funding to inform deliberations of Government. School funding allocations from the 2018 school year onwards are subject to consultation between the Australian Government, the states and territories as well as the non-government school sector.
