Question reference number: F110
Senator: Ludwig
Topic: Printing

Question:

How many documents (include the amount of copies) have been printed from 7 September 2013 to date? How many of these printed documents were also published online?

Answer:

Department / Agency	Response
Finance	Generally a limited hard copy print run is undertaken with readers directed to soft copies on the internet/intranet. To provide the level of detail sought would involve an unreasonable diversion of departmental resources.
AEC	The Australian Electoral Commission does not have this information available. Generally a limited hard copy print run is undertaken with readers directed to soft copies online, such as the AEC's Annual Report 2012-13.
ComSuper	To provide the level of detail sought would involve an unreasonable diversion of departmental resources. ComSuper publishes its Annual Report online and all superannuation scheme publications, forms and factsheets are available online. Scheme members may opt-in to receive electronic annual review statements and other online communications.
Commonwealth Superannuation Corporation	CSC encourages the use of electronic documents wherever possible. Board papers are published through an electronic portal and regulatory documents (such as Product Disclosure Statements) are published on the web and only printed if scheme members request a hard copy (as they are legally entitled to do). We are unable to say how many documents have been printed and of those, how many were also published online.
Future Fund Management Agency	One document has been printed with a print run of 800 copies. The document has also been published online.
