IMMIGRATION AND BORDER PROTECTION PORTFOLIO

(BE17/179) - ANAO report into Cyber Security - Internal Product (DIBP)

Senator Carr, Kim (L&CA) written:

Please provide the number of cyber-attacks of the Department and a breakdown of successful and unsuccessful attacks for

2012/2013

2013/2014

2014/2015

2015/2016

2016/2017

Answer:

For the listed financial years, Department of Immigration and Border Protection was not subject to any successful cyber-attacks.

For the same period, there were many millions of unsuccessful, malicious cyber events targeted either directly or indirectly at Department of Immigration and Border Protection. Providing further detail would be an unreasonable diversion of resources.
