HEALTH AND AGEING PORTFOLIO

Budget Estimates 2011-2012, 30/31 May 2011

Question: E11- 465

OUTCOME 5

Topic: GP Super Clinics

*Hansard Page: CA page 23*

Senator *Boyce* asked:

Can you provide the [Implementation Progress Updates] for each GP Super Clinic?

Answer:

The Department receives Implementation Progress Sheets from each operational GP Super Clinic.

Information from these Sheets is available on the Department's GP Super Clinic website at:

<http://www.health.gov.au/internet/main/publishing.nsf/Content/pacd-gpsuperclinics>

Information is available for those GP Super Clinics that have been operational for a minimum of four months. The four month timeframe allows for a period of settling in by the Clinic.

Some information provided in the Implementation Progress Sheets is treated as commercial-in-confidence by the Department and is therefore not included in the information provided.
