## Senator Birmingham asked:

For 2011-12, please detail all travel for Departmental officers. Please include a total cost plus a breakdown that includes airfares (and type of airfare), accommodation, meals and other travel expenses (such as incidentals).

## Answer:

For 2011-12 financial year the Department spent $\$ 5,715,909$ on official travel. Below is a breakdown of airfares and other travel expenses:

| Airfares | $\$ 3,568,870$ |
| :--- | ---: |
| Travel allowance including accommodation, meals and incidentals | $\$ 1,792,595$ |
| Car hire including mileage allowances | $\$ 127,252$ |
| Cabcharge and parking fees | $\$ 227,192$ |
| Total: | $\mathbf{\$ 5 , 7 1 5 , 9 0 9}$ |

Attachment A provides a list of all airfares purchased between 1 July 2011 and 30 June 2012.

## Senator Birmingham asked:

1. What sum did the department spend on legal services for this financial year to date within the department? Please provide a list of each service and costs.
2. What sum did the department spend on legal services this financial year to date from the Australian Government Solicitor? Please provide a list of each service and costs.
3. What sum did the department spend on legal services this financial year to date from private firms? Please provide a list of each service and costs.
4. What sum did the department spend on legal services this financial year to date from other sources? Please provide a list of each service and costs.

## Answer:

For the period 1 July 2012 to 15 November 2012, the Department spent (excluding GST):

1. $\$ 981,701.58^{1}$ on internal legal services (this figure does not include direct and indirect employee overhead but includes the costs of seconded resources from external legal services providers);
2. $\$ 19,880.50$ on legal services from the Australian Government Solicitor;
3. $\$ 95,201.70$ on legal services from private law firms; and
4. No expenditure on legal services from other sources.

Lists of each service provided and the associated costs have not been compiled. To require the Department to review all of its legal services for this period would involve an unreasonable diversion of resources. In addition, internal legal advice is provided by the Legal Services Branch (LSB) in the Department, which does not charge for legal advice provided, nor does it estimate the commercial value of legal advice provided.

## Answer:

For the period 1 July 2011 to 30 June 2012, the Department spent (including GST)

1. $\$ 2,418,396.07^{1}$ on internal legal services (this figure does not include direct and indirect employee overhead);
2. $\$ 2,023,209.83$ on legal services from the Australian Government Solicitor;
3. $\$ 1,014,010.78$ on legal sservices from private law firms and other sources.

To require the Department to review all of its legal services and legal services expenditure for this period would be an unreasonable diversion of government resources. In addition, internal legal advice is provided by the Legal Services Branch (LSB) in the Department. LSB does not charge for legal advice provided, nor does it estimate the commercial value of legal advice provided.

#### Abstract

Outcome: 1 1 Question No: 67 Program: Corporate Division: CSD Topic: Education expenses - FYTD Hansard Page EC: Written

\section*{Senator Birmingham asked:}

For this financial year to date, please detail all education expenses (i.e. in-house courses and tertiary studies) for the department. Please include what type of course, the total cost, cost per participant, the employment classification of each participant, how many participants and the amount of study leave granted to each participant (provide a breakdown for each employment classification). Please also include the reason for the study and how it is beneficial for the department.

## Answer:

1. The Department's human resource data indicates:

- As at 1 November 2012 the Department has spent approximately $\$ 139,175$ on training expenses for 2012-13. This figure represents in-house learning and development programs, leadership programs and associated training costs.
- Table 1 lists each training course delivered internally by the Department, including the the number of participants that attended by classification level. Attendee numbers reflect staff that are currently employed by the Department (excludes staff that have ceased employment with the Department).
- Table 1 excludes training undertaken by the Department's Graduate cohort as part of their development program. This is reported in response to Question on Notice No. 19.
- Table 2 lists the details of the studies assistance granted, the course, the amount of study leave granted, approved financial assistance, and reasons for the study/benefits to the Department. The 2012-13 financial commitment for studies assistance as at 1 November 2012 is approximately $\$ 83,295$.

| Topic: | Education expenses - 2011-12 |  |  |
| Hansard Page EC: | Written |  |  |

## Senator Birmingham asked:

For 2011-12, please detail all education expenses (i.e. in-house courses and tertiary studies) for the department. Please include what type of course, the total cost, cost per participant, the employment classification of each participant, how many participants and the amount of study leave granted to each participant (provide a breakdown for each employment classification). Please also include the reason for the study and how it is beneficial for the department.

## Answer:

1. The Department's human resource data indicates:

- As at 30 June 2012, the Department has spent approximately $\$ 1,755,150$ on training expenses during 2011-12. This figure represents in-house learning and development programs, leadership programs, studies assistance and associated training costs.
- Table 1 lists each training course delivered internally by the Department, including the the number of participants that attended, by classification level. Attendee numbers are reflective of staff that are currently employed by the Department (excludes staff that have transitioned/transferred to the Clean Energy Regulator or have ceased employment with the Department).
- The list in Table 1 excludes training undertaken by the Department's Graduate cohort as part of their development program.
- Table 2 lists the details of the studies assistance granted, the course, the amount of study leave granted, approved financial assistance and reasons for the study/benefits to the department.
