Director of National Parks ¹	4	Norfolk Island NP	DNP has a mix of passenger and operational vehicles. Passenger cars are used by staff for park business including attend meetings and park sites for visitor talks. Operational vehicles are set up specifically for activities such as fire fighting or weed spraying.	DNP costs cannot be provided as it would require a significant diversion of resources in manually manipulating records.	234,658 ²

¹ Director of National Parks costs include maintenance, repairs and registration. The costs do not include fuel. Director of National Parks buys fuel in bulk in many of its locations for use in generators and vehicles including cars, so the cost of fuel per vehicle is not recorded.

² Due to the size and remoteness of our some locations we are not able to access all vehicles logs, so this is an estimation based on the logs returned.
