ANSWERS TO QUESTIONS ON NOTICE
Industry Portfolio
Additional Budget Estimates Hearing 2013-14
27 February 2014

AGENCY/DEPARTMENT: DEPARTMENT OF INDUSTRY

TOPIC: Support for ATS Registered Companies for After-market Services

REFERENCE: Question on Notice (Hansard, 27 February 2014, page 54)

QUESTION No.: AI-19

Senator KIM CARR: Perhaps on notice, are you able to tell me which particular ATS-registered companies currently receive support through the ATS for after-market services?

Mr Durrant: Senator, I will not be able to do that because of the limitations of the legislation.

Senator KIM CARR: Confidentiality?

Mr Durrant: Yes.

Senator KIM CARR: You cannot tell me the companies that work in that area—as distinct from saying what money they get? I understand the legal implications of revealing those details, but are you able to tell me which particular companies working in the after-market area are currently registered with ATS?

Senator Ronaldson: We will take that on notice so that we are not cutting across any privacy concerns. If it is possible to do so, we will do it.

ANSWER

Information on particular companies registered for the ATS is confidential.
