**QUESTION NO.:** AI-20

**Senator KIM CARR:** Have there been any program grants that have been offered money but will not receive it?

**Ms Peterson:** The Government made a decision when it decided to close the program that it would fund all applications with an executed funding agreement in place and all applications that had a formal grant offer on the table, and we are proceeding with those.

**Senator KIM CARR:** Does it include the 196 applications that were not assessed as at 7 September 2013?

**Ms Peterson:** I would have to take that on notice.

**Senator KIM CARR:** Thank you. Could you tell me what has happened to those 196 applications?

**Ms Peterson:** The 109, are you asking? I would have to take that on notice.

**ANSWER**

As at 7 September 2013, there were 196 applications to the Clean Technology Programs that were not assessed. With the closure of the program, these applicants were not funded.
