Question

Green Corps

In the last 12 months how many job seekers have undertaken a Green Corps project and in what areas have these projects been?

Answer

In the period between 1 January 2008 and 31 December 2008, 2427 participants have commenced on Green Corps projects.

Please note, this figure exceeds the number of funded places, as not all participants complete the full 26 week placement and Green Corps providers are contractually required to seek to replace participants who leave prior to week 14 of the project.

Green Corps projects are for 26 weeks duration and are run in Rounds. Projects in Rounds 49, 50, 51 and 52, commenced between 1 January 2008 and 31 December 2008. Activity locations for these projects are at [Attachment A](#).
