Outcome 2 - Schools and Youth

Department of Education Question No. ED0452_14

Senator O'Neill asked on 26 February 2014, Hansard page 101

Question

Trade Training Centres - round 5

Senator O'NEILL: Has the government ever received bids for trade training centres from schools or groups of schools that have not been granted funding in previous rounds? Senator O'NEILL: Could we have that list? Senator O'NEILL: In terms of the amount that has been allocated, is there any surplus funding from that round? Mr Hehir: I would need to take that on notice, but I do not believe so.

Answer

Part 1

Attachment A lists schools that submitted a formal funding proposal in any funding round under the Trade Training Centres in Schools Program but were unsuccessful. The small number of schools that submitted a formal funding proposal and subsequently withdrew from a funding round are not included.

Part 2

In October 2012, the former Government announced \$200 million would be available for Round Five (Phase One) of the Trade Training Centres in Schools Program. On 23 January 2014, Senator the Hon Scott Ryan, Parliamentary Secretary to the Minister for Education confirmed in-principle funding of \$209.3 million for 136 projects to be known as Trades Skills Centres.

The Department of Education is negotiating project funding agreements for Trades Skills Centres. The Department will not know whether this process will result in surplus funds until all project funding agreements are executed.
