DEEWR Question No. EW0386_13

Senator Mason asked on 31 May 2012 , Hansard page 23

Question

Current Indigenous funding

Senator MASON: I understand the debate. Is it possible that the department could provide the committee with a list of non-government schools with Indigenous enrolments of less than five per cent that currently receive a loading per Indigenous student under current funding arrangements? Ms Paul: Yes. To be honest, I cannot recall how the current Indigenous funding works, whether or not it works on a per student basis. Nonetheless, we can certainly give you the most recent data on enrolments. Senator MASON: You can do that, all right.

Answer

Under the current funding arrangements, schools in receipt of grants for recurrent expenditure, are eligible to receive Indigenous Supplementary Assistance in respect of Indigenous students, paid on a per capita basis regardless of the concentration of Indigenous students at the school.

The following is a list of non-government schools with Indigenous enrolments of less than 5 per cent of total enrolments. This is based on 2011 data from the Census of Non-Government Schools.

Non-government schools with Indigenous enrolments of less than 5 per cent of total enrolments - 2011
