Question

Safe Rates Review - Status of RSRT's work

What is the current status of the Tribunal's work program and what progress has been made against performance measures?

Answer

The Tribunal released its first annual work program on 10 December 2012 and has been inquiring into several sectors of the road transport industry. The Tribunal has released its draft second annual work program and is currently consulting on it.

The President of the Tribunal is required to provide quarterly information as per Regulation 6.2 of the Road Safety Remuneration Regulation 2012 and an annual report through section 116 of the Road Safety Remuneration Act 2012. These reports are located on the Tribunal's website at www.rsr.gov.au/index.cfm/about-rsrt/reporting/. The reports show progress against the work program.

Further queries can be directed to the Tribunal.
