Standing Committee on Finance and Public Administration

ANSWER TO QUESTION ON NOTICE

Budget Estimates Hearing – May 2010 Finance and Deregulation Portfolio

Outcome 2, Program 2.1.5

Topic: Protected Action Ballots/Industrial Elections

Question reference number: F69 (a)

Type of Question Hansard F&PA 65, 27 May 2010

Date set by the committee for the return of answer: 9 July 2010

Number of Pages: 1 Senator Ryan asked:

Can you take on notice to provide a list of all the organisations for which the AEC runs annual elections, if necessary including state as well as national branches of trade unions and other associations—the registered groups under Fair Work.

Answer:

In 2009-10, the Australian Electoral Commission (AEC) will conduct 267 industrial elections for a total of 58 organisations registered under the *Fair Work (Registered Organisations) Act 2009*. These elections are for office bearers, with terms varying from one year to a maximum of four years. A list of the 58 organisations is attached (Attachment A).

The AEC is not able to provide a breakdown of all the costs related to individual industrial elections, however the AEC does record direct costs associated with the conduct of these elections, and these are attached (<u>Attachment B</u>). Direct costs cover expenditure for such components as temporary staffing hours, printing, postage, and mailing house costs.

The other cost component of industrial elections is ongoing staffing hours. AEC practice has not been to attribute staff hours to individual industrial elections, which are often conducted over an extended time period, with Returning Officers usually having multiple elections running concurrently.

Organisations Registered under the Fair Work (Registered Organisations) Act 2009 for whom AEC has conducted an industrial election in 2009-10
