15 May 2003

Dear Senator Murray,

Please find enclosed the videotape as discussed previously by me with Ms Marilyn Rock. The tape may be forwarded to the Senate Enquiry into the institutional abuse of children.

I hope that the contents of this tape can provide you with some insight into the issues that you and the Senate are attempting to bring to the fore, with regards to establishing a legitimate and honest enquiry into past and ongoing institutional child abuse.

I am most willing to make myself available to give evidence at any future enquiry that may eventuate as a result of investigations into abuse of the very worst kind – the complete corruption of innocence.

My home telephone number is [REDACTED] or I am available on my mobile number, [REDACTED]

Thank you in anticipation of a long-awaited journey towards achieving justice, for those who for so long have not had a voice.

Yours sincerely,

William Allen.
