Christine Howes

Dear Committee

Please accept the submissions to the Inquiry into Stolen Wages I have enclosed in CD and hard copy format. These essays are the results of two research projects which have been carried out by students from the United States as part of their assessment undertaken during field trips to Cairns. They deal directly with how people feel about their stolen wages, the work they did in Queensland and the Queensland Government's Indigenous Wages & Savings Reparations offer. I have permission from their supervisor, based here in Cairns, to pass them onto you. If you have any questions about the source you can contact Tony c/ World Learning at sitcairns@yahoo.com.au

Yours sincerely

Christine Howes
