Submission No. 165

Inquiry Secretary
Mr Bob Morris
Joint Standing Committee on Treaties
"Statute of an International Criminal Court"
Parliament House
CANBERRA ACT 2600

Dear Sir,

I wish to indicate my objection to international law that will be binding on Australian citizens. I am one who believes that our law should be made by our Government with the interest of our citizens in mind. We should not accept foreign laws, which will override our common law rights. Please put forward my objection to this proposal in the strongest possible terms.

God Bless,

Greg Willson
