

HOUSE OF REPRESENTATIVES STANDING COMMITTEE ON ECONOMICS

REVIEW OF THE FOUR MAJOR BANKS (THIRD REPORT)

Commonwealth Bank of Australia

CBA11QON: [71]

Mr CRAIG KELLY: Were the particular machines that were available to you developed in America or in Europe?

Mr Narev: These, from memory, are European made. I'll need to check.

Answer: Commonwealth Bank's Intelligent Deposit Machines are manufactured by Diebold Nixdorf, which is based in Germany. These same machines are in operation in many markets, including but not limited to Asia, North America and Europe.
