

## **HOUSE OF REPRESENTATIVES STANDING COMMITTEE ON ECONOMICS**

### **REVIEW OF THE FOUR MAJOR BANKS**

#### **CBA**

**CBA10QON:** Dr MULINO: Are you aware of whether you've undertaken analysis in the past in relation to previous tranches of tax cuts, and whether the amount of spending out of this one differed?

Mr Comyn: Not that I've seen, but I could certainly make inquiries.

**Answer:** CBA Economics regularly analyses changes in the tax framework to understand the impact these may be likely to have on economic activity. However, we are not aware of analysis completed in recent times that is directly comparable to the analysis in question.
