

AS13QON:

In relation to one of the issues that's come out of the royal commission and the government response in the context of super, is AustralianSuper fully compliant with the insurance in super code?

Mr Silk: ...We have a program to become fully compliant.

CHAIR: Over what time frame?

Answer:

We expect to be fully compliant by 30 June 2020. This is 12 months earlier than the timeframe of 30 June 2021 that was stipulated in the Insurance in Superannuation Voluntary Code of Practice.
