

HOUSE OF REPRESENTATIVES STANDING COMMITTEE ON ECONOMICS

REVIEW OF THE FOUR MAJOR BANKS AND OTHER FINANCIAL INSTITUTIONS SUPERANNUATION SECTOR

AustralianSuper

AS24QW:

Over the last five financial years:

- a. The number of rollover requests that the fund did not pay out to another fund for each year?
- b. The average dollar value of a rollover for each year?
- c. The value of any clawback accounts and/or funds held that is used to hold funds between financial years?

Answer:

- a. Nil. All rollover requests meeting legislative and security requirements were paid out.
- b. Average dollar value of rollovers is defined as the sum of all rollovers (excluding rollovers to the ATO or AUSfund) divided by the number of rollovers:

Year-ending	
30 June 2015	\$30,234
30 June 2016	\$31,573
30 June 2017	\$21,294
30 June 2018	\$30,263
30 June 2019	\$23,897

- c. Not applicable.
