#### THE PARLIAMENTARY CALENDAR

#### **Parliament**

A Parliament commences upon the first sitting day following a general election and concludes either at dissolution or at the expiration of three years from the first meeting of the House – whichever occurs first.

#### Session

A session commences upon the first sitting day following a general election and concludes either by prorogation (the formal ending of a session), dissolution or at the expiration of three years from the first meeting of the House. A further session commences upon the first sitting day following a prorogation and concludes in the same manner.

#### Sitting period

Sitting periods occur within a session. The sittings of the House in each calendar year are divided into three distinct periods: the Autumn sittings, from February to March; the Budget sittings, from May to June; and the Spring sittings, from August to December. In earlier years there were commonly two sitting periods: Autumn, from February to June, and Budget, from August to December.

#### Sitting

A sitting commences pursuant to the standing or sessional orders, or in accordance with a resolution of the House at a previous sitting, and concludes with the adjournment of the same sitting. The same sitting may extend over more than one day.
