## ABOUT THIS REPORT

The Department of the House of Representatives provides services that allow the House to fulfil its role as a representative and legislative body of the Australian Parliament.

This annual report details our activities during the 2009–10 financial year.

The **overviews** section includes a report by the Clerk of the House of Representatives, Bernard Wright, who is also the chief executive of our department. A departmental overview describes our purpose, role, structure and outputs.

The **performance** section describes the main activities of our five output groups, and measures our performance against our targets during the year.

The **management and accountability** section spells out our approach to corporate governance, the management of our people and assets, and our obligations under various laws.

The **appendixes** give detailed information about our work for the House, its committees and visitors, and about our publications and our staffing.

The **financial statements** show how we spent the money allocated to us by the Parliament.

Finally, to aid in navigating and interpreting the report, there is a list of abbreviations and acronyms, and a general index.
