

TO THE HONOURABLE THE SPEAKER AND MEMBERS OF THE HOUSE OF REPRESENTATIVES

This petition of citizens of Caltowie, Jamestown and surrounding areas draws to the attention of the House: **Improved reception for Internet and Phone Service** to enable local business to operate more efficiently.

We therefore ask the House to: Implement a strategy that will provide a Receiver and Booster Aerial to be erected on top of the Caltowie Silos, located in the Township of Caltowie. This will boost our Mobile Reception and Wireless Broadband Signal whereupon instigating an improvement in communications.
