

**TO THE HONOURABLE THE SPEAKER AND MEMBERS OF  
THE HOUSE OF REPRESENTATIVES**

This petition of the MT Hotham and Dinner Plain community

Draws to the attention of the House that there is a need for high band width telecommunications within the resorts of Mt Hotham and Dinner Plain to ensure the standards of a world class tourist destination are enabled to access WiFi and internet services within the resorts.

We therefore ask the House to ensure the NBN network is provided to the resorts, recognising their remote location and significance as tourist destinations for the North East and Gippsland regions of Victoria
