

**TO THE HONOURABLE THE SPEAKER AND MEMBERS OF HOUSE OF
REPRESENTATIVES**

THIS PETITION OF the family of Rashpal Singh TOOR , other members of the Sikh community and Citizens and residents of Australia

DRAWS TO THE ATTENTION OF THE HOUSE that Mr Singh entered Australia to visit his family, all of his children (3) are residing in Australia and suffered a catastrophic health setback wherein he is now is unable to travel and requires dialysis 3 times a week. Being taken to and from hospital by ambulance. Doctors diagnose as “end stage renal failure” and advise of the need for a kidney transplant to halt his deteriorating health. But such is not possible without his first being granted residency and thus eligible to join the patient waiting list for a kidney(s) transplant. Mr Singh also suffers with diabetes and has suffered a stroke and has other health issues.

WE THEREFORE ASK THE HOUSE to recommend to the Minister of Immigration and Border Protection that as a request has been received by him requesting his intervention as provided by Section 417 of the Migration Act, that the House support the request.
