

**TO THE HONOURABLE THE SPEAKER AND MEMBERS  
OF THE HOUSE OF REPRESENTATIVES**

This petition of the undersigned citizens of Australia draws to the attention of the House our:

**Call for a Royal Commission into the Use of Pesticides  
and Harm to Public Health**

We therefore ask the House to take the necessary action to initiate the following:

1. A Royal Commission into the use of pesticides, related illnesses and environmental harm,
2. A Moratorium on the use of pesticides on public and private open space, and on the growing of pesticide reliant Genetically Modified Crops,
3. a) The prevention of Australian law being subjugated to foreign interests under the proposed Trans Pacific Partnership, and  
b) the right of the Australian people to the regulation of food labelling, the refusal of GM crops and of increasing pesticide levels in food.
