Dear Stephan,

I am writing to provide a correction to information I provided at the ATO's appearance before the Standing Committee on Education and Employment on 11 November 2016. I refer to information provided on page 63 of the Hansard.

In response to Senator Moore asking what the result of the last ATO no vote was, I advised that "...There were two votes. The first vote was roughly an 83.9 per cent no vote. The second vote was a 72 per cent no vote."

I would like to note a correction for the record. The first vote was 85.19 per cent no vote.

Yours sincerely
