Dear Mr Fitt,

I write to correct evidence I provided at the Budget Estimates hearing held on 9 November 2022.

I stated that:

“The contribution I will look to make as the member representing Defence is to describe the defence requirements and the opportunities where Defence may draw upon that strategic fleet, in whatever way, shape or form it takes- which, again, is going to be a series of recommendations offered to government, in terms of what that task force might comprise.”

I wish to correct this evidence with the following information:

“The contribution I will look to make as the member representing Defence is to describe the defence requirements and the opportunities where Defence may draw upon that strategic fleet, in whatever way, shape or form it takes- which, again, is going to be a series of recommendations offered to government, in terms of what that fleet might comprise.”

I also stated that:

“Principally informational, in terms of providing the advice that I just described- the requirements that Defence might draw upon and the scenarios in which we might draw upon that task force.”

I wish to correct this evidence with the following information:

“Principally informational, in terms of providing the advice that I just described- the requirements that Defence might draw upon and the scenarios in which we might draw upon that fleet.”

I apologise for any misunderstanding that may have arisen.

Yours Sincerely,

JK Walk
