Dear Committee Secretary

Clarification to Hansard – Supplementary Budget Estimates hearing on 1 December 2025

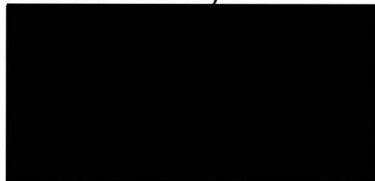

I am writing to clarify evidence I provided to the Senate Standing Committee on Legal and Constitutional Affairs during the Supplementary Budget Estimates hearing on 1 December 2025.

On page 63 of the transcript, in response to a question from Senator Blyth regarding youth crime, I said:

There's a supplementary paper, which is called *Evidence-based approaches to child justice*, which outlines three very good examples of some things that we could look to in Australia that work for not just families and children but their communities.

The *Evidence-based approaches to child justice* paper outlines six examples.

Yours sincerely
